

September, 2023:

Dear NCC Members and Friends,

We are very grateful for your pledges, which form the backbone of our ministries at Niantic Community Church (NCC). Your gifts help to make possible the things you love best about our church. Whether you attend worship occasionally or every Sunday, are involved in service projects, work with our youth, make music, share food, or strive for a more just and kind world, we Thank You!

Our Stewardship theme for 2024 is “**One Spirit, Many Gifts**”. By working together as Christians, we will extend NCC’s vision of diversity, equity, and inclusion. Stewardship is everything we do, collectively, in response to the Good News of God in Jesus Christ. It encompasses the combined ministries of our members, friends, pastor, and staff. And it employs all our resources – our time, talents, and money to transform our goals into real actions that repair the world, one kind act at a time.

In this packet you will find information on how your giving enables our church programs: a Percentage Giving Guide, Frequently Asked Questions, a Pledge Analysis sheet, a Pledge Card, and an EFT form. We encourage you to use Electronic Funds Transfer (EFT) as it provides a consistent stream of revenue to support our staff, church operations, and our mercy and justice ministries. You may return your pledge card in the offering plate or at the church office at any time to renew your commitment.

We hope to see you on **November 5<sup>th</sup>**, when we will dedicate our pledges, and ourselves to God’s service. If you have any questions, please contact Georgie Granger, at 860-739-0664 or Ralph Bates, at 860-739-0240. Thank you for faithfulness!

May you be filled with God’s richest blessings,  
*The Stewardship Committee*
